'TEXAS' Opens Sixth Season Tonight

To Cite Mayors On First Night

BY CAROL CRAIN

Dignitaries from across the Panhandle are expected tonight for the opening of the summer musical drama "TEXAS".

Mayors of the Panhandle cities who broke ground ten years ago to start construction of the Pioneer Amphitheatre, and present mayors of the area towns will be honored.

State representatives Tom Christian, Bryan Poff, and Ben Bynum and State Senator Max Sherman will also attend the gala.

Tonight's events include the barbeque dinner which will be held from 6:30 to 8 p.m. each evening throughout the season. Tickets for the meal prepared by Scott Sutphen of Amarillo are \$1.85 for adults and \$1.10 for children.

The theatre will open at 8 p.m. and at 8:15 the ceremony honoring the mayors will take place on the stage. Showtime is 8:45.

As the sixth season of "TEXAS" begins, over 341,000 people have seen Pulitzer Prize winning Paul Green's production.

Costumes for the opening overture have been redesigned in the colors of the canyon walls by Mrs. Charlotte Brantley and her crew. Vivid hues of gold, red, purple, orange, green, and brown, will greet the audience as the show opens.

Neil Hess, choreographer, has included a more complicated flag routine and devised a variety of dances.

The cast, directed by Mr. and Mrs. William A. Moore

Singer Loses Music, Case

An American Tourist suitcase filled with music belonging to Rev. Gene Moore was taken early this week from Canyon High School Auditorium.

Rev. Moore is here leading singing for Canyon Crusade for Christ. He is with the Ed Robb Evangelistic Association.

Rev. Moore said he is not interested in the suitcase but desperately needs the music. The music and/or the suitcase may be delivered to the auditorium any evening this week or to The Canyon News office during the day.

COVERING FUMBLE

Dean Mitch Jones

Love of other human beings is a basic foundation stone of a worthy life; — but worship of a human being is a cardinal sin.

Ruth Ann Carrell and David Schuette are ready for opening performance of "TEXAS" tonight at 8:45 o'clock. The two will appear in the summer musical drama along with the covered wagon as the production begins its sixth season.

As Eyesores

Views Vacant Buildings

Taxation to force razing of vacant buildings to prevent them from becoming eyesores was proposed here Monday as Randall County commissioners court met as a board of tax equalization.

Commissioner John Fulgenzi said since a building is depreciated during its useful years some system should be found to appreciate it when it becomes vacant so the owners would be encouraged to tear it down.

The discussion arose as Charles Donnell appeared to tell the board that two of his theater properties are not in use for the one purpose for which they are designed.

He referred to the Olympic Theater downtown and the drive-in theater at the northwestern outskirts of Canyon. The board agreed to allow Donnell a 10 percent economic depreciation credit on the two properties. The drive-in has not been used in 3 years and the Olympic not in the past 2.

Donnell said he is in financial trouble in the movie business here principally because not enough movies are being produced.

He pointed out that large town theaters run a picture for several weeks and sometimes need only four or five a year while he needs scores of pictures and must always wait until last to be served.

"It's looking a little better now," he told the group. The board tabled a motion by Commissioner Bill Butler

that a 1958 lifetime schedule on pipeline in the county be accepted.

The schedule calls for 60 percent of the 100 percent value of the pipeline be used as a base and that 25 percent of the 60 percent be recognized as the taxable valuation. The schedule does not allow depreciation.

Four pipeline companies were represented at the meeting.

The board refused to make a deal with Jack Kelley who operates an equipment leasing firm dealing mostly in truck tractors and trailers used in hauling compressed gas.

Kelley asked for a special deal on equipment which is registered in Randall County but never comes into the county. He said some of this equipment is not even in the United States.

No Chimes, But Services

Tanglewood's first church service will be held at 9 o'clock Sunday morning in the Jim Fletcher home.

Preaching will be Dr. Newton Robinson, retired Christian Minister. Tanglewood only recently incorporated and since then has been a town without a church.

Rains Bring Little Relief

Canyon recorded .47 inches of moisture Saturday but Randall County farmers cast a needy eye skyward as crops suffered from lack of rain.

John Brazzil, Randall County Agent, said the county has had spotted rain with some parts receiving fairly good rain and other parts very little moisture.

"Randall County is not wet yet," Brazzil declared.

Bill Patke, dryland farmer in west Randall County, reported only .06 inches of moisture Saturday night. He said he planted early this year, and it has come up and died.

"The rain we received Saturday night didn't go down but about 1 1/2 inches, and that didn't get to the roots," he lamented.

Patke said he would just wait for rain, but he was fearful of another dry year like 1970.

Brazzil said he felt the east and southeast portion of the county had received more moisture than the western half of the county, but neither could be considered "wet".

Kenneth Brehob of the Geography Department at West Texas State University, recorded a yearly total of 5.03 inches thus far this year. The yearly average through June is slightly more than seven inches, according to Brehob.

Plan Board Meets Tonight

Canyon Planning and Zoning Commission will meet tonight at 7 o'clock in the Community Center facing a full agenda, according to City Manager George Louder.

Louder said the commission will hold a public hearing on zoning of property in Pioneer Estates requested by the Central Church of Christ, and will consider the final plat of the property.

Commission members will also consider the preliminary plat on land under consideration for annexation to Pioneer Estates requested by Taylor-Foster Development Company.

The final point of business will be discussion of the Canyon Area Flood Plain report. Louder said the commissioners will go over the report. But no definite decisions will be made for another month.

He expected to have definite recommendations for the board by the July meeting.

Rent-A-Kid

Need weeds pulled, or errands run, or dreading that weekly ironing chore? Rent-A-Kid.

As simple as that, Rent-A-Kid from Canyon Eagle Band.

CHS band members are volunteering their services to the Vienna, 1972 project to raise money for the band to attend an international music festival in Vienna, Austria next summer.

The rent-a-kid program begins this week and will run throughout the year, according to Mrs. Brad Garner, chairman of the fund raising project.

All band members are expected to earn at least \$200 by Oct. 1, through the rent-a-kid program, and the money will be deposited in the Band Parents account for the 1972 trip.

Odd jobs including babysitting, weed pulling, yard work, ironing, housework, errands, car washing, and odd jobs will be included in jobs the youngsters will handle.

In a planning meeting Monday, band members and parents also began a program to collect stamps and Betty Crocker coupons.

Mrs. Garner said boxes have been placed in grocery stores throughout Canyon where persons can deposit stamps and books. Band members will be responsible for collecting at least five books of stamps each this week.

"We want loose stamps, books of stamps, coupons, anything that we can redeem for money," Mrs. Garner urged. "If every person gave us one book of stamps, we would be well on our way to getting the kids to Vienna."

Other projects discussed will be a crafts workshop conducted by Mrs. Dave Ritter for band members to make objects which can be sold. The workshop will begin this week and will be held in the Bellah's building on the square.

The building will be the headquarters for trip activities and will be open regularly each Saturday from 8 a.m. to noon.

Mrs. James Buster will head a committee that will make ties for sale at \$5 each.

"The ties are absolutely beautiful," Mrs. Garner praised.

Other committee members are Mrs. Jack Sharp, Mrs. Joan Taylor, Mrs. Virginia Maxwell, Mrs. Darlene Finke and Mrs. Odessa Adams.

Student chairmen for the Rent-A-Kid project and rates for the jobs are listed below.

Babysitting — Ann Shell, 655-2570, 50 cents per hour; Weed pulling and yard work — Ronnie Cates, 355-2080, \$3.95.

Ironing — Gail Thompson, 655-3835, \$1.50 per dozen.

Housework — Gail Thompson, 655-3835, \$1.25 per hour.

Errands — Allen Beghtel, 655-3638, \$1 in Canyon, \$3 in Amarillo.

Car wash — Bill Moore, 655-3122, \$1.50.

Odd jobs — Bill Moore, 655-3122, \$1.50 per hour.

Circulars delivered — Jeff Shepic, 655-7444, 1 1/2 cents per circular.

Other jobs — Brad Garner, 655-2495.

For Hospital

Election Called

Randall County temporary hospital board officially called an election to vote on passage of bonds totalling \$800,000 and the establishment of a hospital district in Precinct 3 in the county at a meeting Monday afternoon.

Voting will be held in the Canyon Community Center from 8 a.m. to 7 p.m. July 27. Mrs. D. M. Foster will be presiding judge and Levi Cole will be alternate presiding judge.

Glen Metcalf was named clerk for absentee voting, which will be held from July 7-21 in the City Hall from 8 to 5 p.m. Monday through

Friday. Board members pointed out that the election calls for two separate boxes — one for persons on the tax rolls in the precinct and the other for those not on the tax rolls.

In order to carry, the proposition must carry in the taxpayer box and receive a majority in the overall election.

In other action, petitions carrying more than 90 names were reviewed to insure at least 50 of the signees were qualified voters.

Ed Robb Fears Military Rule For USA

BY MARGO CRABTREE

"United States will be under a military dictatorship in 10 years unless we have a spiritual awakening."

Rev. Ed Robb predicts this awesome picture of the USA with some basis for concern.

Robb, who is speaking nightly this week during the Canyon Crusade for Christ, is an evangelist who has travelled throughout the nation and the world.

He is acutely aware of the deficiencies in America, and after spending five days in Russia in January, he draws some conclusions that have far-reaching effects.

"The Russian people are wanting a better world," he declares. "And they are sincere in their efforts."

Robb places the strength of the Communist people on their sincerity.

"They are dedicated, self-

sacrificing and idealistic," he explains. "And because of this they may win."

The evangelist was amazed at life in the Soviet Union. "There are no slums, no pollution, no pornography, no X-rated films — no freedom."

"Life there, because of the lack of pollution, and noise, is pleasant," he notes. "But I did not sense any happiness."

Robb recalls that after the first two or three days in Moscow, he became tremendously aware of a feeling of suppression.

"I've talked with other people who have visited there and they also felt that suppression among the country's residents."

Ed Robb is viewing the world with paradoxical feelings: the reality of the decline of the United States

which could easily lead to a military dictatorship in order to counter the Left movements now underway in the nation, is balanced with the knowledge that more and more young people are turning to Jesus Christ.

"We are having a moral decline in this country. There is a lack of direction among our people. America has lost its self confidence, and we have no national purpose."

He believes because of this and because the silent majority will remain silent only for a short time more, race wars, civil disorders and reactions against the moral vacuum will cause the nation to be finally led by a military group.

But, he weighs this pessimistic tone with the optimistic picture of hundreds of youngsters turning to Christ.

"They are not doing this

through organized religion, but they are responding to the claims of Jesus Christ," he declares. "And this is encouraging."

Robb believes this is the only hope the United States has for surviving.

"A spiritual awakening is necessary in this country, and it must be tied to the church. The church is the movement of God."

He encourages the church leadership to be creative and open to new ideas.

"We do not want to sacrifice our basic beliefs of the Christian faith, but we must be open to the movements of the spirit."

Robb notes that the youth movements are Christ-centered, and are demanding discipline and sacrifice from the followers.

"We must challenge the young people and all church

members in order to bring them and hold them to the church," he declares.

"We cannot compete in trying to entertain them, we must face the issues, challenge the congregations, and speak out on moral issues."

He was distressed about the number of ministers who live in a "spiritual ghetto", ignoring the issues and problems facing the world today.

"We must speak to the people about their needs and situations, but we must make it relevant, and that is done through the context of Christ."

"If we try to talk of the problems outside the context of Christ, the faith will be rejected by the people. But the gospel does have social and personal implications, and church leaders must relate these to Christ's teachings."

An idea which Robb is mulling over for possible development is the formation of a Christian Domestic Peace Corps.

"There is no such organization now, but I envision having hundreds of young people going into ghettos and slum areas to teach Christ. I believe it could be a very moving experience."

Robb reflects on the ministry and admonishes many pastors for "too much self-interest."

"Things have changed. In the past the minister was a leader in the community, and often the best educated member of the city. Today, he must earn respect."

"But I have found if you give yourself wholly to the people for Christ, the people will give wholly of themselves." (see ROBB, page 10)

FROM THE CANYON RIM

There is a rumor out that Tom Christian will move to Randall County and make the race for state representative from a Canyon base.

The redistricting bill left Tom almost in the position of a displaced person. His district is a grotesque product of gerrymandering.

Christian would give either of the incumbents here a good race because the Potter-Randall County area is heavily Republican. Tom is, of course, a Republican.

He is a member of a pioneer Panhandle ranching family, has scores of relatives and hundreds of devoted friends who would work hard for him no matter what ticket he runs on.

Tom can also run as an in-

cumbent having represented this county in the legislature for two terms now. We were cut out of his district by the redistricting bill.

Bryan Poff, representative from Amarillo, thinks something ought to be done about the conference committee in the legislature.

The way the state government is run makes this committee just about the most powerful group in the state. He pointed out that a bill can go into the conference committee and be entirely different when the committee gets done kicking it around.

Legislators are confronted with a take it or leave it proposition. They don't have

a chance to amend the bill. They must either vote for it or vote against it.

I agree with Poff that this committee should be drastically overhauled.

I also think something should be done about the state constitution.

We need a constitutional assembly to write a constitution under the framework of which laws could be written without our present continuous amending.

There is no telling how much state money has been spent on amending the state constitution during the past 20 years.

Information we received from Austin through late Friday was that Preston Smith would veto the whole appropriations bill and call the legislature back into special session.

I had written this newspaper's lead story for the Sunday edition with the conviction that the governor would indeed axe the whole bill.

Our Austin sources were certain that he would veto parts of it.

I agree with Tommy Thompson of The Amarillo Globe-Times that Preston pulled a cagy maneuver when he vetoed the second year of the spending bill.

Next year is an election year and a special session should serve to add excitement, chaos and issues aplenty.

Area politicians are divided on whether Preston will make the race against Ben Barnes, the curly-headed boy wonder from watermelon country.

I doubt that Governor Smith will run but in his veto speech Sunday night he left it wide open.

Smith is a Texas version of Harry Truman and he has all the grit of his Missouri counterpart. He has fought both the legislature and the press in times past much like Harry jousting with the congress and the newspapers of his day.

Neither Smith nor Barnes could be classed as an orator. Ben undoubtedly comes across well on television and women find him handsome but when it comes to pressing the flesh I doubt that Preston Smith has an equal in Texas politics today.

Again I agree with Thomp-

son that a three-way race among Barnes, Yarborough and Smith should be something for political watchers to behold.

I for one want to see the story undertaken by the New York Times on the Viet Nam study unreel in detail.

It may prove embarrassing to Lyndon Johnson and some of those who surround him but I have an idea that many things Lyndon Johnson did during his political career would prove embarrassing if told in detail.

Pirates Lose Heartbreaker

Pirates dropped a game Saturday in the final inning as the Giants swept past them to an 8-7 victory in Babe Ruth play.

Lynn Wright was winning pitcher and Wayne Pitt, pitching his first game of the season, was listed as losing pitcher.

Pitt gave up only five hits during the game.

The 7:30 p.m. game Saturday between the Panthers and Cards was rained out.

Panthers beat the Cards Tuesday night 16-3. Roy Beghtel was the losing pitcher and Larry House was winning pitcher.

Makeup games will be held during the next two weeks. The schedule is as follows.

Thursday, June 24 - 7:30 - Giants and White Sox.

Friday, 25 - 7:30 - Pirates vs. Cards.

Saturday 26 - 5 p.m. - Panthers vs. Pirates, 7:30 - Cards vs. Giants.

Monday 28 - 5 p.m. - Pirates vs. Giants, 7:30 - Panthers vs. Cards.

Tuesday 29 - 7:30 p.m. - White Sox vs. Pirates.

Thursday, July 1 - 7:30 - Panthers vs. Giants.

Friday 2 - 7:30 - Cards vs. Pirates.

Saturday 3 - 7:30 - Giants vs. White Sox.

Tuesday 6 - 7:30 - Cards vs. Giants.

Thursday 8 - 7:30 - White Sox vs. Pirates.

The week standings show the Panthers in first place with a 7-2 record. Giants follow with 6-3; White Sox, 7-4; Cards, 3-7 and the Pirates, 1-8.

Area Students Earn Ranking

Two Canyon area students have earned "Distinguished Student" ranking at Texas A&M University.

The students are Gregory D. Hodges, animal science major and son of Mr. and Mrs. S.A. Hodges Jr. of Happy, and William R. Lumry, son of Col. and Mrs. Raymond J. Lumry of 505 Taylor Lane, mechanical engineering major.

The undergraduate honor is awarded students who have excelled academically. Recipients must earn at least a 3.25 grade point in a minimum of 12 semester hours. The ranking is limited to 10 percent of Texas A&M's undergraduate enrollment.

Letters To The Editor

Mr. Troy Martin
Editor of The Canyon News
Canyon, Texas

Dear Mr. Martin:

Recently this article appeared in the editorial section of my town's evening newspaper.

After reading the article I became curious as to what reasons would lie behind such a movement at the army base of Fort Hood, Texas. Some sarcasm probably is involved in the article, yet I wonder if such a situation where the GI finds himself at odds with a Texan does exist.

Since I am a visitor to Texas and am not aware of a conflict existing between soldiers and Texans, I would like to find out what the readers of the Canyon News think.

Dear Staff & Management of The Canyon News:

Thank you all for your continuing coverage of the meetings held by Recovery, Inc.

If it were not for this coverage many prospective members from Canyon would never know that such a "grass-root," workable method of self-help was available. Indeed, I have received several inquiries from Canyon as a direct result of your write-ups.

Our World

BY ANN BROWN
Man is incurably religious. There is a God-shaped vacuum in every human heart that he unceasingly strives to fill. If man cannot find — or will not accept — the God who created him, he will create a God for himself and give it his devotion.

Young people frequently insist they must go out into the world to find themselves. Psychologists call it a search for identity.

Lost young people are not really searching for themselves; they are searching for God. Who ever encountered a dedicated young Christian searching for identity?

Instinctively man reaches out to something outside himself to give meaning to his life. The mightiest minority in the world still worship their Creator and find fulfillment in Him.

Even a moron knows that every little toothpick had to be fashioned by someone. Yet there are learned men of science who contend that the most magnificent creation in the universe just happened.

Wherever man is found, he has some form of worship. False gods come and go. Their popularity waxes and wanes even as does the worship of the true God.

The Bible records periods in history when the worship of Baal, the god of fertility,

was the established religion. Baal had many counterparts, but all of them majored on hedonism and licentiousness.

However, not even under Queen Jezebel with her 400 personal prophets and her hosts of temple prostitutes was Baal worship more prevalent than it is today.

When God refused to permit Balaam to curse the children of Israel, the false prophet counseled King Balak to entice the Israelites into the worship of Baal. Balaam assured Balak that if he would follow his advice, he would not need to pay him to curse God's people, God would do it Himself for free.

The result of that advice still lingered in the last recorded book of God's Revelation (Rev. 2:14). And it is holding sway almost everywhere today.

Professing Christian read pornography and attend X-rated movies. Christian teachers present the sordid trash in their classrooms — all under the rationale that Christians need to know what's going on in the world.

One would have to be blind and deaf to avoid the

Baal culture. It is on billboards, marquees, television, and radio; and it saturates books, magazines, and newspapers.

Only last week a prominent area business firm featured a naked woman in an ad in the newspaper.

God condemns fornication as the grossest of all sins, and homosexuality as the basest form of fornication. Yet homosexuals are currently being glorified on stage and screen, and in "good" literature.

Even Dear Abby recently approved homosexuality in her internationally syndicated column.

Homosexuals parade openly in the streets, on television, and in churches. They even apply for marriage licenses and ask God's blessings upon their "unions."

God destroyed His beloved Israel because of Baal worship. What will He do to America?

There is only one cure for false religion: substitute the truth. What is truth? Jesus said, "I am the way, the truth, and the life; no man cometh unto the Father, but by me" (John 14:6).

Randy Hendricks Gets Position In California

Mr. and Mrs. Randy Hendricks will be moving to Long Beach, Calif., next Thursday where he has accepted a position as music and youth director at Truett Memorial Baptist Church.

Hendricks has been youth director at First Baptist Church for the past year, coming to Canyon from Central Baptist Church in Pampa. He was graduated from Oklahoma Baptist University in Shawnee.

Hendricks will be working with a youth group which presents services entitled "Body and Soul" services. The group formulates its own services and writes its own music. Eight teen-age boys take turns giving the

sermons. When a preacher can make it to the services, he may preach. The group has a sponsor.

Hendricks estimated that between 250-300 youths attend the services each Monday night.

Mr. and Mrs. Hendricks are originally from California. Both attended college in Shawnee. They have one daughter, Leigh Ann, 2, and a son, Scott Allan, four months.

"Kids in this youth group are ready to learn about the Bible. They're interested. They're part of the Jesus movement and are really involved in it. It will be exciting work," Hendricks said.

EUGENE KIRKLEY

Eugene Kirkley Heads New Moses Store Here

Grand opening of the new M. E. Moses store in Palo Duro Village begins today at 9 a.m. and runs through Saturday and company owner M. E. Moses, 86, will attend the festivities.

The store originally opened in Canyon in 1929, five years after the first M. E. Moses store opened in Paducah. A year after the first store opened, Mr. and Mrs. Moses decided to begin

another one in Quanah.

The company now owns 46 stores, all in Texas, except one located in Mangum, Okla.

In the new store, moved last weekend from the downtown location on the square in Canyon, new fixtures have been installed. Display counters and fixtures add to customer convenience in the self-service store.

Year-round air conditioning and high-intensity slim-line fluorescent lighting are a part of the new building.

Eugene Kirkley, manager of the Canyon store, said the store is stocked with a wide selection of fresh, new merchandise.

Kirkley, who has lived in Canyon about three months, is assisted by Butch Frazier of Lubbock.

The manager was born in Claremore, Okla., and graduated from Claremore High School in 1949. He served in the Army for two years after he attended Draughton's Business College in Tulsa, Okla.

He married his wife Joan in 1952. The couple has two children, Lynnette, 16, and Suzanne, 12.

He began working in variety stores in Oklahoma, Texas and Kansas following the service, and joined the Moses chain 10 years ago.

Since being with Moses he has worked in Pampa, Denton, Longview, Arlington and now in Canyon.

"I like the Moses chain because it is small and they have excellent merchandise," he praised.

The new store, moved from its location on Fourth Avenue on the Canyon square on Saturday and Sunday, is 7200 square feet and employs four fulltime persons and two part-time girls.

Kirkley said he hopes the number of fulltime people will increase as business improves in the new location.

The store is open from 9 a.m. to 8 p.m. Monday through Saturday.

Mark Nabers Signs WT Tennis Team Agreement

Mark Nabers, the Texas State Class AAAA doubles champion along with Jim Timmins, has signed an athletic scholarship agreement with West Texas State University tennis coach David Kent.

Nabers is the second standout freshman signed by Kent, whose Buffaloes tied for 21st last week in the NCAA national championships with host Notre Dame at South Bend, Indiana.

Kent had earlier signed Weatherford, Oklahoma's Steve Bailey, a two-time singles champion of Oklahoma.

"What makes Mark so valuable is that he can go both ways by playing singles and doubles," said Kent.

Nabers and Timmins, representing San Antonio Alamo Heights, won the Class AAAA state crown without dropping a set. They didn't lose a high school match all year. Kent said some spectators at the state event claimed it was the finest high school doubles team to ever play in Austin.

As a singles player, he was runner-up in the 18 boys

singles division of the Cotton Bowl tournament and also was runner up to Richard Wathall in three close sets in the San Antonio Spring Open. He has a straight set win over Dale Corbin, which came in the Cotton Bowl event.

Corbin, a sophomore-to-be member of the Buffalo tennis team, is from Wichita Falls. He helped the Buffaloes capture the Missouri Valley Conference championship this past spring.

Nabers plans to play the national junior circuit this summer, making the third time he has played this circuit. He comes from a tennis family. His younger brother Brad recently won the Texas State Sectionals 16 singles title and is expected to be a fine collegiate prospect when he graduates.

"Mark is a quality player who will be able to step right in and play the type of tennis we need," said Kent.

Nabers attended Texas Military Institute before transferring to Alamo Heights. He was team captain each year (1968-1970) and won the Texas Preparatory League singles crown each season.

Nabers, who plans to

major in business at West Texas, has been ranked nationally in the 14 and 16 division doubles and is currently taking part in the Texas Junior Davis Cup training session prior to going east to play this summer.

Bill Townsend, trick roper for this season's "TEXAS" cast, practices one of his routines. The routine takes place during the finale.

Townsend 'Ropes' Way Through Show

"Trick roping is a lot like dancing," Bill Townsend remarked this week. "It's all a matter of timing...and it all has to be just right."

Townsend, the son of Dr. and Mrs. Charles R. Townsend of Canyon, performs the fancy rope tricks during the finale of the musical drama "TEXAS" this season.

He has been cast in the role of Jess Simmons, who rides a horse, carries one of the flags, sings, and twirls a rope.

"I love the show", he stated emphatically, "I would go 10 or 12 times a year each season."

"Last year I thought, Gee, I'd like to be in the show...and this year I am!" Townsend learned to trick rope while going on the rodeo circuit with his father, a former announcer.

"When I was six years old I saw an old cowboy spinning a piggin' string at a rodeo in St. George, Utah...show me I said."

"Cowboys like to twirl a rope in their spare time...it's kind of a sport with them" he pointed out.

After his initial lesson he practiced and practiced. Others who later helped him polish his tricks were J. W. Stoker and an "old Englishman named Johnny Reagan."

Reagan, a resident of London, England, is a traveler. He comes to Texas each summer and teaches at Camp Waldemar in Kilgore, Texas. "He taught me a lot about

trick roping," the performer noted.

"You use a soft cotton rope that is about 1/4 inch in diameter," he explained. "A hard twine core runs through the center of the rope, giving it some body."

"Centrifugal force is the key to the spinning. It takes the weight of the rope in spinning motion to support itself. Its like a washing machine throwing out the water in the spin cycle."

"Spinning the rope is just like any other skill, its a matter of building blocks...one thing leads to another."

"First you learn to spin

the rope in front of you, then around you," he continued.

"You have to work on jumping in and out or skipping the spoke."

"It's easy once you learn it, though."

"I used to tie myself up

with the rope," he laughed.

"The show is really going to be good this year. I've seen it every year that I've been here and it looks like this season will be the best ever. There are lots of former members of the cast who have returned that weren't here last season."

"I have certainly developed respect for Neil Hess...the choreography is perfect," he pointed out.

"The flag choreography is more complicated than ever."

"The costumes this year are outstanding, because of the superb work of Charlotte Brantley and her staff. The colors match the colors in the Canyon."

Townsend, a junior at West Texas State University, plans to go to medical school upon graduation. He attended Canyon High School from 1967-1969.

Among his list of credits are roles in "Mother Courage", "Of Poems, Youth, and Spring", and others. His father, Dr. Townsend, teaches in the WTSU history department."

Girl Injured In Car Mishap

A Los Alamos, N.M., teenager was injured early Monday afternoon on Farm to Market 1542 in Randall County when a car struck her as she attempted to get out of the road.

Texas Highway Patrolman Norman Luker said Shannon Priddy, 14, received a broken pelvis when a car driven by Arthur Edward Spiser of Happy hit her about six miles south of Canyon.

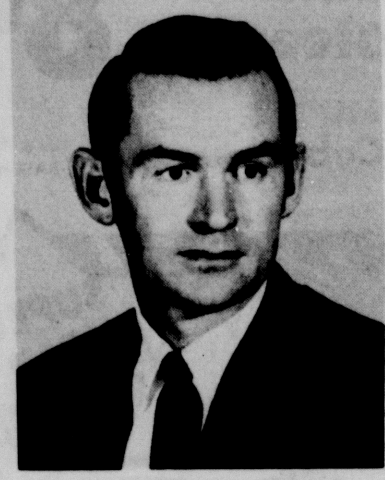

Vicki Yates, a cousin to the injured girl, was with Miss Priddy when the accident occurred.

"We were walking down the white stripe in the road after walking to the mailbox," Miss Yates recalled. "When we heard a car coming we would separate and go to the side of the road."

Miss Yates noted that they had not heard the Spiser car until it was near and when they ran, the car struck Miss Priddy.

Officer Luker said the Spiser vehicle left the road attempting to avoid striking the girl. The right front bumper of the car hit Miss Priddy.

Miss Priddy was taken to Neblett Memorial Hospital in Canyon by LaGrone Funeral Chapel. She was listed in satisfactory condition at mid-week.

Choral Camp Ends June 26

The first annual choral music camp at West Texas State University ends Saturday with a concert in the Fine Arts Theatre at 4 p.m. open to the public.

The concert will feature the camp choir and outstanding ensembles.

Dr. George Umberson, chairman of the WT music department, is camp director.

Students are participating in the camp choir, sectional rehearsals, small ensembles, and classes in rhythm and stage movement, theory, conducting, music appreciation and voice classes.

Some 140 students are participating in the camp, according to music department officials.

Black Named VP Of Zone 4

Roland Black has been named vice president of Zone 4 of the Texas Panhandle Fireman and Fire Marshall Association and will serve a four year term.

Black, executive secretary of the Canyon Chamber of Commerce and a member of the Canyon Volunteer Fire Department, was selected during an association convention in Amarillo earlier this month.

Following his fourth year in office, Black will take over the reigns of the association as president for a one-year term.

Black was in charge of a Zone 4 fireman's meeting Saturday in Canyon hosting some 82 persons from the association.

Canyon firemen displayed firefighting equipment and demonstrated the new snorkel. Fifteen towns were represented and representatives from all four zones were present at the afternoon meeting.

Association president Johnny Belew of Plainview also attended the meeting.

Youngster Breaks Arm In Ball Game

Mike Moore, 10-year-old son of Mr. and Mrs. Lyndell Moore of Canyon, broke his right arm during a Little League baseball game Thursday night.

The youngster, who plays for the Dodgers, tripped as he headed toward home plate and fell on his arm.

He was taken to Neblett Memorial Hospital where he spent the night after the arm was set.

His mother reported early Monday that he was doing fine.

Brother Of Mrs. Bosley Succumbs

Funeral services for the brother of a Canyon woman will be conducted in Tishomingo, Okla., at 2 p.m. Friday.

Will F. Brown of Oklahoma City, Okla., died Tuesday in Houston while visiting a son.

He is the brother of Mrs. Cecil Bosley of Canyon.

WHEN DO YOU HAVE AN EMPTY STOMACH?

Sometimes a physician may direct you to take a medicine on an empty stomach. For example, some penicillin is about twice as effective when taken on an empty stomach. Three hours after a meal all the food in the stomach has moved to the next digestive process. It is empty.

If you do not exactly know how to use any medicine and your physician or dentist is not available to answer questions, ask us. The odds are we can immediately give you the correct answer. Never take chances. We are glad to help.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

TAKE NOTICE that an election will be held on the 27th day of July, 1971, in the proposed SOUTH RANDALL COUNTY HOSPITAL DISTRICT, in obedience to an order which is attached hereto and made a part of this Notice for all intents and purposes duly entered by the Temporary Board of Directors of said proposed District.

WITNESS MY HAND, this 21st day of June, 1971.

Mrs. T. G. Hull, Jr. President, Temporary Board of Directors, South Randall County Hospital District

ORDER FOR ELECTION FOR CREATION OF HOSPITAL DISTRICT AND THE ISSUANCE OF BONDS

THE STATE OF TEXAS COUNTY OF RANDALL WHEREAS, under the provisions of House Bill Number 786, Acts of the 62nd Legislature, Regular Session, 1971, provision is made for an election to be held within the area of the proposed South Randall County Hospital District upon the question of whether the South Randall County Hospital District shall be created and established with authority to levy annual taxes, and whether said District (in the event same is created) shall be authorized to issue bonds for the purpose hereinafter set forth, and in accordance with said law, it has been and is hereby determined that such election should be ordered; therefore,

BE IT ORDERED BY THE TEMPORARY BOARD OF DIRECTORS OF THE SOUTH RANDALL COUNTY HOSPITAL DISTRICT:

SECTION 1: That an election be held on the 27th day of July, 1971, which date is not less than thirty-five (35) nor more than sixty (60) days from the date of the passage of this order, at which election there shall be submitted to the resident qualified electors of the area of the proposed South Randall County Hospital District, including those who own taxable property and who have duly rendered the same for taxation, for their action thereupon, the following propositions:

PROPOSITION NUMBER 1

"Shall the South Randall County Hospital District (with boundaries as set forth in House Bill 786 as enacted by the 62nd Legislature, Regular Session, 1971) be created and established with authority to levy annual taxes at a rate not to exceed SEVENTY-FIVE CENTS (75¢) on each \$100 valuation of taxable property within said District subject to hospital district taxation for the purpose of paying the indebtedness of the District and its maintenance and operating expenses?"

PROPOSITION NUMBER 2

"SHALL the Board of Directors of South Randall County Hospital District (in the event the District is created) be authorized and empowered to issue the bonds of said District to the amount of EIGHT HUNDRED THOUSAND DOLLARS (\$800,000) for the purchase, construction, acquisition, repair, or renovation of buildings, and improvements and equipping the same for hospital purposes, and for any or all of such purposes, and shall there be levied, assessed and collected annually ad valorem taxes on all taxable property in the District, subject to hospital district taxation, sufficient to pay the principal of and interest on said bonds as the same become due (providing such tax, together with all other taxes of the District shall not exceed in any one year the rate of 75¢ on each \$100 valuation), said bonds to be issued in one or more series or issues to mature serially or otherwise not more than FORTY (40) years from their date, and to bear interest at such rate or rates as in its discretion the Board of Directors shall determine (not to exceed 10% per annum)?"

SECTION 2: That the official ballots for said election shall be prepared in accordance with V.A.T.S. Election Code, so as to permit the electors to vote "FOR" or "AGAINST" the aforesaid propositions which shall be set forth in substantially the following form:

PROPOSITION NUMBER 1

"THE CREATION OF SOUTH RANDALL COUNTY HOSPITAL DISTRICT, PROVIDING FOR THE LEVY OF A TAX NOT TO EXCEED 75 CENTS ON EACH \$100 VALUATION, FOR ALL HOSPITAL DISTRICT PURPOSES"

NUMBER 2 "THE ISSUANCE OF \$800,000 BONDS"

The word "FOR" and beneath it the word "AGAINST" shall be made to appear on the left of each of the propositions. A square shall be printed on the left of each of the words "FOR" and "AGAINST", and each elector shall place an "X" in the square beside the statement indicating the way he wishes to vote.

SECTION 3: That said election shall be held at the Community Center in Canyon, Texas, and the entire proposed District shall constitute one election precinct for said election.

SECTION 4: That the following named persons are hereby appointed officers of the election:

Mrs. D.M. Foster Presiding Judge
Levi Cole Alternate Presiding Judge
The Presiding Judge shall appoint not less than 2 nor more than 6 qualified clerks to serve and assist in holding said election; provided that if the Presiding Judge herein appointed actually serves, the Alternate Presiding Judge shall be one of the clerks.

On election day the polls shall be open from 8:00 A.M. to 7:00 P.M.

GLEN METCALF is hereby appointed as the Clerk for absentee voting for said election, and the City Hall, Canyon, Texas, is hereby designated as the place at which absentee voting shall be conducted for said election. For the period absentee voting is permitted by law, the hours designated for absentee voting shall be from 8:00 A.M. to 5:00 P.M. on each day except Saturdays, Sundays, and official state holidays.

SECTION 5: Said election shall be held under the provisions of Article IX, Section 9 of the Constitution of Texas, and House Bill Number 786, Acts of the 62nd Legislature, Regular Session, 1971, which constitutional and statutory provisions shall also govern the holding of the election where in conflict with the General Laws of the State regulating elections.

SECTION 6: All resident qualified electors of the area of the proposed District, including those who own taxable property in the proposed District and who have duly rendered the same for taxation, shall be permitted to vote at said election. At said election two separate ballot boxes shall be provided. In one box only resident qualified electors who own taxable property and who have duly rendered the same for taxation shall be allowed to vote. In another box all resident qualified electors (who are otherwise qualified but do not own taxable property which has been duly rendered for taxation) shall be allowed to vote. The votes cast in each of said boxes shall be recorded, returned and canvassed in such manner as will reflect separately the votes cast by the qualified electors who own taxable property and who have duly rendered the same for taxation from the votes cast by all qualified electors (including those who own taxable property and who have duly rendered the same for taxation).

SECTION 7: A substantial copy of this order shall serve as proper notice of said election, and said notice shall be published in a newspaper of general circulation in the area of the proposed District once a week for two consecutive weeks, the first publication to appear at least thirty (30) days prior to the date established for said election.

PASSED AND APPROVED, this 21st day of June, 1971.

VIRGINIA RAILLARD

"TEXAS" Program Written By Mrs. Virginia Raillard

Writing the copy for the "TEXAS" souvenir program this year has been the job of Virginia Raillard, wife of Raymond Raillard, the show's executive vice president.

Mrs. Raillard attended Mary Hardin Baylor in Belton and received her bachelor's degree at West Texas State University. Her major fields are speech and English. Work on the program begins about Christmas time with the selection of the artists. Suggestions are made by various persons in the arts and the talents are studied.

The astute list of program artists includes Don Ray, G. Harvey, Ross Stefan, Byron Wolfe, Ben Carlton Mead, and Paul Laune.

"We try to select the best of the Western artists," the writer explained. Last year an Amarillo bank purchased all of the original sketches drawn by Ben Carlton Mead for their lobby. Each year the originals are for sale in the Canyon Art Gallery, after they are used in the program.

The program cover is in full color. The artist draws several and members of the "TEXAS" administration select the cover design.

The programs have fast become collector's items. Each is a portfolio of art as interpreted by a famous Western artist. Past programs are non-existent.

This year 18,000 programs will be up for sale.

Virginia began to write copy for the 1971 program Monday, May 24, after the initial Sunday meeting of the cast at the Branding Iron Theatre.

The type is then set and cutting, revising, and proof-

reading must then be done. The type must fit into the available space.

Pictures for the program are taken during the first cast meeting and proofs are ready within about four days. Each cast member may select their program picture.

Many of the "TEXAS" cast have tie-ins with the persons who pioneered this country. If they do, it is usually noted in the program.

We have so many persons with vast experiences and credits that it is difficult to summarize and present the material in an interesting manner, she explained.

Mrs. Raillard, who has three children in the show, Mark, 21; Mike, 17; and Miles, 16; is also a worker in the community. She has taught Sunday School in Adult I and the Young Married People's department at First Baptist Church. Currently she is the Christian Training Leader for Adult II.

She has served in many capacities in the Sue Hite Study Club and she and her husband are on the Ways and Means committee of the Canyon Band Parents. Now that the program is completed and will arrive tonight Virginia will take her place as the gift concessionaire at the Amphitheatre. Each year the Raillards travel to Denver to buy gift items for the summer season.

Mr. and Mrs. Bill Clark and son, David, and David's friend, Randy Golden, tooted down to Austin for the B.M.P.I.U. Convention recently and really had a trip. It seems as though while all the gentlemen delegates to the Brickmasons and Plasterers Convention were doing their thing, — the lovely lady delegates, and kiddoes, were provided with a tour.

First, they went on a tour of the Capitol, and then the beautiful Governor's Mansion. Then, out to the LBJ Ranch, by appointment only, then over by the home where former President Johnson was born, then by the home he spent his childhood in, and finally by the new LBJ Library.

And to make the tour complete — who should be at the Library, but Mr. Lyndon B. Johnson and his most attractive wife, Lady Bird. Ruthie (Mrs. Clark) says they were really delightful and greeted all the group with a warm handshake and a big "Texas" welcome and lots of chit chat. Then the ladies had to have a picture of themselves on the staircase of the Library for posterity.

And was does Mr. Johnson do — but mosey over and get in the group picture.

The clarks went by the way of Denton on the way down to visit Ruth's sister and her family and stop by Charlie, Texas on the way back and brought Ruth's mother, Mrs. Grace Hill, home with them for a visit. A big "hello" to you Mrs. Hill and welcome back to God's Country. The Clarks relate they had a marvelous time and have the saddle sores to prove it. Sounds like they had a good trip with lots of serendipity.

A ray of sunshine is sent to Mrs. John "Betty" Dozier, who had surgery at High Plains this week and is doing fine at the last report. She is in good hands, as she not only has the tender loving care of her own little family unit, but her father and mother, Bill and Jean Oswald, from Seminole came up for the grand opening. Hurry and get well, Betty.

The James Keiths had house guests recently — James' cousins from Fresno, California were here for a few days.

Happy birthday to pretty Kim Radney.

The Walter Burkarts motored up to Arkansas for a week and visited with their relatives.

The Gene Howe Lepicons lost their ball game with Coronado in Amarillo by a score of 9 to 7. But... bounced right back and beat St. Lawrence School 20 to 19 — Whoopie!!

Pat Keith had a slight concussion from falling down at the Canyon Pool and hitting her head. Pat — we hope you are fine now.

Little Shane Palmer is sporting the mumps — he's a little doll, even with swollen jaws.

Our hearts are made heavy with sorrow in the passing of Mr. A. B. Holt of Canyon. We cannot count the numerous times that Mr. Holt was welcomed at the Gene Howe PTA meetings with a round of applause and we so much

Molly Faces Work Load

BY JERRY MONTGOMERY

Beauty pageants don't just happen.

Molly Malone, 1971 Miss WTSU, is finding out that preparing for a big one is a lot of work. She will compete in the Miss Texas pageant July 5-10 in Fort Worth.

Daughter of Mr. and Mrs. Jack Malone of Rome, formerly of Amarillo, the 5-foot, 10-inch blonde began preparing in earnest for the contest about a month ago when she began making some of the clothes she will take. Before that time she was too busy with rehearsals and presentations of the university's music and drama production "Hello Dolly," in which she had female lead.

The junior speech and hearing therapy major will compete against 62 other Texas girls in the event in Fort Worth's new civic center. Mrs. April Lawrence of Canyon will be traveling as Molly's chaperone.

Molly is now taking inventory of all the things she will need to take with her to the pageant. She received a \$400 gift certificate for winning the Miss WTSU pageant last October, with that money to use for her wardrobe. But she prefers to make many of the dresses she will take including two formals, one for competition and one for non-competition. She's been sewing for as long as she remembers, starting with doll clothes, she said.

In addition she is making day-time clothes for the week of the pageant. And she will need several pair of shoes for her wardrobe. She is busily gathering clothes, shoes, make-up, everything she will need for the event. She will be staying with other contestants at a girls' dormitory on the Texas Christian University campus.

Final decision that Molly would compete in the Miss Texas pageant was made earlier in the spring when the student senate voted to Texas...

pay the franchise fee of \$200 for her entering the contest, said Gary Cook, assistant dean of student life.

Only franchise holders are eligible to enter contestants in the Miss Texas pageant. According to Cook, the Miss WTSU follows the rules and regulations applying to the Miss Texas and Miss America contests, making winners of such contests eligible for the state and national competition providing the sponsor is a franchise holder.

The \$200 franchise fee provides for the contestant's right to compete, room and board during her stay in Fort Worth and that the reigning Miss Texas would come to West Texas if requested for about half the cost to a non-franchise holder. It also provides

2,000 Attend Crusade Meets

Attendance totaled to a little more than 2,000 during the first three nights of the Canyon Crusade for Christ which continues through Sunday night.

Services are at 8 o'clock each evening at Canyon High School Auditorium.

Evangelist is Rev. Ed Robb, a Methodist minister. Singing and music is by Gene and Bobbie Moore.

Air conditioning went out during the first service but has been restored and a crisp 70 degrees has prevailed every night since.

Youth night was observed Monday evening and will be observed again tonight. Here for the Thursday night service will be Eddie Robb, evangelist son of the crusade leader.

Nine churches are involved in the undertaking including First Baptist, Methodist, Calvary, First Presbyterian, Nazarene, Catholic, Assembly of God, Lutheran and First Christian.

Weldon Trice is crusade chairman and is being assisted by Dr. Willis Harrison. Crusade coordinator is Dr. Hubert Thomson of Canyon.

selves to you and Christ."

He reminisces about his days as a small town pastor, and reflects that he misses the wedding ceremonies, funerals, baptisms, and the interpersonal relationships that a pastor has with his congregation.

"But I am doing what the Lord wants me to do," he promises.

Robb, who has five children, the oldest in seminary in Kentucky, calls his job "demanding."

"This is physically taxing work and very demanding, but I want to be of use to God, and I will go where he wants to use me."

He pauses when asked "where are you going?"

"I ask myself that often, and sometimes I am not certain. I just have to keep going the direction the Lord leads me."

Ed Robb heads the non-profit organization named after him, Ed Robb Evangelistic Association. He has nine people on his staff and 50 board members. And running the organization takes a large part of his daily thought.

During the week of the pageant Molly will compete in swimsuit, formal and talent divisions, as well as interviews with the judges. An event is planned for each night for the contestants, including press parties. The girls will also have scheduled luncheons with the judges. Molly's talent competition will be the same one she used for the Miss WTSU competition, a reading from "Phaedra," a Greek tragedy.

Molly will be sponsored by West Texas State University which will furnish transportation for her and her chaperone. Plans are

Commission Gives Raises To Deputies

Randall County commissioners Monday granted raises to sheriff's deputies and to the two county juvenile officers.

Deputies will be raised from \$635 a month to \$675 a month effective July 1. This represents a salary increase of about 6 percent.

Crosby Hammond was included in the raise although other dispatchers were not. Judge Woody Pond told the court that Hammond doubles as a dispatcher and sometimes as an outside deputy.

Chief Juvenile Probation Officer Harold Mann was also raised from \$635 a month to \$675 a month and his assistant, Coe Gray, was raised from \$550 to \$600.

Several other county employees were granted raises in January. The court withheld action on deputy raises until the passage of House

Bill 384 which gave the commissioners jurisdiction in setting salary ceilings for county employees.

The bill also provides for a grievance committee of nine members with the county judge serving as chairman and non-voting member.

On the committee will be the sheriff, county tax assessor-collector, county treasurer, county clerk, district clerk and county attorney. The other three members of the committee shall be drawn from grand jury lists of the preceding year.

Six members of the committee can force consideration by commissioners court of changes in salary, expenses or other allowance a written recommendation sanctioned by all nine members becomes effective without court action the first of the month following its delivery to the court.

On a suggestion by Commissioner John Fulgenzi, County Clerk LeRoy Hutton and County Judge Pond were authorized to work out a standard form for job des-

being made to renew the franchise next year, assuring that the Miss WTSU contest winner will again compete in the Miss Texas pageant.

The 20-year-old blue-eyed student is a member of Chi Omega social sorority, and has appeared in operas on campus. She is a 1969 graduate of Canyon High School. She has a brother Mike, 22, who was also graduated from CHS.

One of the contestant's main concerns before the pageant is losing a little weight. "You know, a television is supposed to put 15 pounds on you, so I've been lifting weights and doing exercises about two hours every day." And whoever said that losing weight isn't work?

Miss Molly Malone, 20, will be leaving soon for competition in the Miss Texas pageant in Fort Worth July 5-10. She is in the process of making many of the clothes she will take, including her formals. Miss Malone is the current Miss WTSU.

Rules Adopted For Tanglewood

Tanglewood councilmen adopted rules for the community and heard committee reports during a lengthy meeting Monday evening.

The eight new ordinances were recommended by the Law and Order Committee, and will become effective after they are signed by the major, James "Doc" Potts and the council secretary, and posted on three bulletin boards located in the village.

A notice that the ordinances have been passed will be sent to each property owner in the village.

The ordinances are listed below:

- Provisions of the Texas Water Safety Act and safety standards will be enforced on the lake. A \$5 fine is the penalty.
- Automobiles, motorcycles, and boats within the village limits must bear a Tanglewood identification sticker. Town Marshall John Currie will make the stickers available for \$1 and vehicle owners without stickers will be fined \$5.

Potts said about 100 families live in Tanglewood and there would be an average of 3 1/2 vehicles per family. Another 150 persons own property in the newly-formed village and will require stickers.

3. Dogs and cats must remain on the property of their owners and will require vaccinations. A \$5 fine will be imposed.

4. Motor vehicles must be properly muffled and may only operate on owner's property and village roads.

5. A 30-mile speed limit was set for all streets within the village limits. A maximum fine of \$25 was set for violation of this ordinance.

8. No pollution of the lake is allowed and owners will not be allowed to dump earth into the lake nor will property owners be allowed to let their property deteriorate where it might erode and silt the lake. A maximum fine of \$100 for each notice of violation will be made.

Aldermen agreed also to join the Texas Municipal League and the Panhandle Regional Planning Commission.

Ray Love was named chairman of the newly formed Grounds and Beautification Committee and Alderman E. M. Blackburn was selected to promote liaison with the council.

Jim Thomas was picked to head the Public Health and Sanitation Committee, and other members are Al Banasik and Frank Smith. Alderman Dr. Newton was named to promote liaison with the council.

Both committees will report at a July 6 meeting. Aldermen gave the Building Permits Committee authority to study plans for any proposed buildings in the village and issue permits for \$1.

The Zoning and Planning committee will determine the guidelines to be followed by the Building Permits Committee.

Councilmen will meet in a regular session at 7:30 p.m. Tuesday, July 6.

Lois Kirkpatrick Hull, widow of former Randall County District Attorney Truett Hull, will make her "TEXAS" debut this season in the role of Aunt Anna.

"Aunt Anna is a staunch, hardy pioneer woman who lived in a dugout," Mrs. Hull explained. "She lived through dust storms, wind, and rain. Still, she was compassionate and understanding."

The role, one of three principal female characters, was molded by Pulitzer Prize winning author of "TEXAS", Paul Green.

"There is a tremendous amount of work that goes into 'TEXAS', the Canyon resident noted, saying that hours of rehearsing takes place for thirty days prior to the opening of the production.

"I have learned to appreciate the tremendous amount of effort that goes into this show...the work in front...on the stage...backstage. The talent that has been compiled...why, everyone in 'TEXAS' does some singing, dancing, and acting."

Crooks Take Merchandise

Crooks took approximately \$4,000 in merchandise some time Monday night or early Tuesday morning from De'ons, located just south of Palo Duro Shopping Center.

The women's apparel store is owned by Mrs. Della Henry and Mrs. Ramona Elliott.

Mrs. Henry said she could give no concrete figures on the loss since a summer sale is in progress and it is difficult to pinpoint what has been sold and what was stolen.

She said an inventory is being made to determine just how much was taken.

The burglary was discovered by Mrs. Henry and Cindy Schrib, a clerk, about 9 o'clock Tuesday morning.

The front door to the establishment had been chiselled open. The merchandise apparently was hauled out from the front door.

Two full racks of merchandise was removed as well as clothing from other parts of the store.

Mrs. Henry said about \$15 in change was taken from the store's change drawer.

Some things never change. Some things you can count on — like the post office. Sorry to pop the illusion, but after two hundred and fifty years, The United States Post Office is getting a new name and a new emblem to mark a changeover to updated practices and facilities. An act signed by President Nixon in August of 1970 authorized the United States Postal Service with a board of governors who select a Postmaster General for his managerial know-how and he will no longer sit in the President's cabinet. It is hoped that the service will have a better control over its revenue and budget than Congress had.

To commemorate the inauguration of the new U.S. Postal Service, July 1 has been set aside as a not-so-ordinary day at the post office. Mrs. Amalia H. Bracht, OIC, said that citizens are invited to the Umbarger Post Office for hospitality and to purchase a first-issue stamp for 8¢ and receive free a cacheted envelope with the new emblem to be postmarked July 1. Later, this envelope will be a collector's item.

The emblem with the horseback rider has been replaced by a streamlined eagle. When the flow of mail increases from 7 billion pieces of mail at the turn of the century to 120 billion pieces today, it is time to jet forward.

Sheila Payne, daughter of Mr. and Mrs. Tom Payne, will be among 1,500 young ladies who begin their college work at Texas A&M University this fall. Working under a co-op plan, Sheila will major in chemical engineering, receiving on-the-job training and a salary one semester and attending classes the other. She and her parents are excited about the opportunity; we extend our best wishes for her career.

Keep in mind the hospital election on July 27. Anybody who fights doctor appointments and hospital bills know the value of maintaining a good hospital in Canyon. Turning to other towns would offer no good solution; medical-care problems are everywhere. It has been said that the hospital is becoming outdated, not condemned, but that services will be harder to provide unless a new structure is built. Medicare requirements are difficult to meet in a small hospital. So, it will be left to the taxpayers to decide the fate of Canyon's medical facilities. A tax figure that

Two Women Represent BSP Chapter

Mrs. Meade Michael and Mrs. Carl Sims represented Chi Upsilon chapter of Beta Sigma Phi sorority at the state convention recently at the Sheraton Hotel in Dallas.

Theme for the convention was "Carnival of Fun in '71." Approximately 1,375 persons registered. The champagne luncheon was entitled Carnival Cruise, with the center stage decorated as a ship.

Dallas chapters presented entertainment. A Grand Assembly meeting followed the entertainment.

Glen Gibson of the Amarillo Chamber of Commerce gave a welcome for the state convention in Amarillo next year. McAllen won the bid for the convention in 1973.

A check was presented to a hematology lab, to benefit heart and stroke patients. The money was donated as the state project of the year.

Winners of the scrapbook awards were Denton, Lubbock and Beaumont. Yearbook winners were Houston and Denton. A masked ball and dinner was sponsored in the Grand Ballroom.

A chorus composed of chapter members throughout the Dallas area sang at the brunch and closing ritual of the convention.

property owners can consider would be a \$29 annual increase on a \$20,000 value. Mr. R. E. Grimes of the Neblett Clinic has stated that information will be made available until the election; keep informed and stay interested in the welfare of yourself and your neighbors.

This Sunday, June 27, Pistols and Petticoats Square Dancing Club will honor the second graduation class in its ranks. Approximately thirty-five dancers will receive diplomas from Herrick Allen. Stunts for the graduates and a salad supper are being planned by the social committee.

At the June 15 meeting of the Knights of Columbus, fourth degree, new officers were elected. They are Carl Hartman, navigator; John Wieck, captain; Ed Wieck, admiral; L. L. Raef, comptroller; Leonard Batenhorst, pilot; Joe Grotegut, inside sentinel; Anton Handing, outside sentinel; and Rt. Rev. Monsignor Matthew Schaele, friar. The fourth degree is the patriotic degree of the men's fraternal organization.

Monsignor Matthew Schafle of St. Mary's Church left Sunday for a months' vacation, intending to spend the first week browsing through stores in

Denver. Using his panel truck and trailer, Father should thoroughly enjoy his outing, camping wherever the spirit takes him.

My husband can tell you how easy I am to get along with, but he'd better not). However, there are a few things which bother me. Once of my peeves occurs at baseball games when able-bodied young men sit in the stands and criticize the efforts of the boys on the field. "Man, they can't hustle a bit; they look like they haven't practiced in three weeks." Speak for yourself, John. Grab a uniform and charge in there; help, don't hinder.
